“Rob Shanahan is truly one of the most interesting, genuine, and entertaining speakers you could hire. We chose him for these reasons and many more. His love of music and passion for photography shines thru in his engaging message. We will definitely have him back! Go get him ... do something different!”

“Rob Shanahan is a true professional. A wonderful and inspirational motivational speaker that engages his audience. His experience and unique way of tying his talent into the current business landscape is something to be seen. He is a true artist with his photography, and I have seen large audiences mesmerized by his stories about how his photographs came to be. He inspires adults and even my own teenage daughter to follow their dreams. Rob is a tremendous photographer, artist, speaker, businessperson, musician, and human.”

- Tina L. Smith, EVP, Business Development, Mid America Agri Products

“Rob is an amazing presenter! Rob's presentation to my United World College students was insightful and inspiring! They loved how he envisioned his life as a teenager, knew what he wanted, and went for it (!), achieving all that he has achieved, including his fabulous work in Africa. What Rob shared with my students was important and, in some cases, pivotal as they embarked on their own life dreams. What he gave to them is priceless.”

- Roy Montibon, CEO, Montibon Provenance International, Inc.

“Rob Shanahan is one of those incredibly fascinating speakers. He speaks from the heart and shares his many entertaining and highly engaging stories of the numerous famous musicians he has photographed and forged friendships with over his long career as a photographer. The people he has photographed and interacted with is truly amazing; everyone can relate to someone Rob has known. Music is the universal language that connects all human beings from all walks of lives. If you want a dynamic speaker that delivers high impact and will leave a lasting impression, you need to hire Rob!”
